### **Support for the Veteran Memorial Medical Centre**

Honourable Michelle Thompson,

I am writing to share my support for the creation of a Veteran Memorial Medical Centre in Halifax, within the Camp Hill Veterans Memorial Building. This Centre would be a one-stop shop for All Veterans dealing all the complex physical & mental health issues weather they were incurred during their service to Canada or Not.

The Veterans Memorial Medical Centre will also assist them with the stressful Veterans Affairs Applications process.

The creation of this clinic will not only address our Veterans Access to Healthcare but will also free up local valuable Healthcare Professionals who are struggling to provide the complex care that Our Veterans Deserve! This in turn will give the Nova Scotia Healthcare System a much needed boost in the reduction of wait times to find a Health Care Professional for all Nova Scotians. As Complex Veteran Cases can be referred to this medical centre for specialized treatment.

Thank you for taking the time to read this letter more information can be found at [www.vmmcs.ca](http://www.vmmcs.ca). Please take a moment to visit the website to understand the magnitude of how important this Medical Centre will be to our Veterans and Nova Scotians in general..

Sincerely,
